

# ICNSER 2019

International Conference on Industrial Control  
Network and System Engineering Research

Shenyang, China | March 15<sup>th</sup>-16<sup>th</sup> 2019

## Call for Papers

ICNSER is a meeting point for professionals and researchers, IT security professionals, managers, developers, educators, vendors and service providers who are involved in development, integration, assessment, implementation, and operation of industrial cybersecurity technologies. Therefore, the conference will provide opportunities to discuss both the industrial control network and system engineering research.

## Topics (not limited to)

### Telecommunications Systems and Networks

IoT system and network architecture  
D2D/M2M communications for supporting IoT  
All aspects for 5G networks  
Wireless multimedia networks  
Software Defined Networks

### Hardware and software design and development

Health monitoring – wearable devices  
Analogue/Digital system design and structures

### System Engineering

Embedded Control Systems  
Adaptive Control Techniques  
Object-Oriented Petri Nets  
Large Scale Control Systems  
Intelligent Control Systems  
Stochastic Control  
Aerospace Control Systems  
Defense and Military Systems Control

## Important Date

Final Deadline:  
March 1<sup>st</sup>, 2019

Conference Date:  
March 15<sup>th</sup>-16<sup>th</sup>, 2019

Sincerely welcome  
papers/abstracts/posters/  
TPC members/listeners

## Publication

Accepted papers will be included into Conference Proceedings which be published in the International Conference Proceedings Series by **ACM**, which will be archived in the ACM Digital Library, and then submitted to major database Ei-Compendex, Scopus and so on...

## Venue

NEU International Hotel(东北大学国际交流中心)  
Address: 80 West Wenhua Road, Heping District, Shenyang, China

中国科学院沈阳自动化研究所  
SHENYANG INSTITUTE OF AUTOMATION CHINESE ACADEMY OF SCIENCES

X-academy
